GIVE APPROVAL FOR GRANT FOR NEW CITY HALL

Bond Issue Will Provide 55 Per Cent Of Funds For Modern Structure

Judging from developments during the past week, Daly City citizens are assured of a new and modern city hall, construction work on which will be under way in the near future.

In a telegram to Mayor Paul Selmi, Tuesday of this week, Kenneth A. Godwin, regional director of PWA in this district, with headquarters in San Francisco, stated that Daly City's application for a grant allotment, No. Calif. 1838-F, had been approved. It is expected the grant allotment will be forwarded within two weeks.

Plans and specifications will be submitted at once to headquarters by city officials.

The new structure will cost approximately \$62,000, of which amount the grant allotment will provide \$27,810. Daly City citizens, at a special election last year, voted bonds in the sum of \$34,000, or approximately 55 per cent of the total cost of the improvement.

Congressman John J. McGrath should be given credit for his valuable assistance to city officials in expediting approval of the government grant.

The new city hall will be erected on the old site at Wellington and Irvington streets and will be of concrete and steel construction, of mod-

UNEMPLOYMENT CHECKS BENEFIT EVERY BUSINESS

Large Amount Of Cash Entering Trade Channels Is Stimulating

Unemployment compensation checks in San Mateo County are finding their way into the hands of the groceryman, the department stores, the landlords and a dozen other classifications of business enterprises.

A total of \$102,762.71 in actual cash had been distributed to claimants at the San Mateo office of the State Department of Unemployment up to July 1, in 1938 unemployment compensation checks. During the month of June, claimants in this county received 2738 checks totalling \$27,523.66.

"But the mere fact that this money is coming into the community doesn't mean much," said the manager of the San Mateo office, "unless there is a general idea of what's being done with it."

"A survey of several thousand checks made in Sacramento revealed this week that the vast majority of checks received here had been cashed by banks and food stores."

"Other business establishments in which claimants cashed their checks, indicating that at least a portion of the funds had been spent in those establishments, included butcher shops, clothing stores, department stores, service stations, garages, drug stores, hotels and apartments, loan establishments, dairies, insurance companies, ice plants, express companies and a dozen other miscellaneous establishments."

RELATIONSHIP IS A LITTLE MIXED

In Oakland, this week, 15-year-old Eleanor Schnatmeyer and 25-year-old Edward H. Braga of San Pablo, decided they would like to get married.

When they made known their decision to Mrs. Marie Braga, 33, who divorced Eleanor's father and married Joseph Braga, brother of Edward, she approved the union.

Superior Court Judge James Quinn listened to all three sides of the story, unanimous in favor of marriage. He then granted his permission, and the couple applied for their wedding license.

Now the mother and daughter, when married to two brothers, will become sisters-in-law.

FREE TRANSPORTATION FOR ALL LOCAL RESIDENTS AND FRIENDS TO ANNUAL PICNIC AUGUST 21

Chamber of Commerce Plans For Record Crowd at Lovchen Gardens

Everyone who lives in Daly City will have an opportunity to attend the gala picnic at Lovchen Gardens on Sunday, August 21, sponsored by the local Chamber of Commerce.

Free bus service every half hour from the top of the hill to the gardens will be provided.

Dancing, bowling, games, a band concert and free hot dogs and coffee are only a few of the many attractions which will draw a record crowd to the affair.

Every facility for the convenience and entertainment of picnickers is being arranged by the committee in charge of the affair.

BADEN KENNEL CLUB LAUNCHES GAME OF SKILL

Keen Rivalry Expected In Competition Between Handicappers Of Greyhounds

Baden Kennel Club this week launched one of the most sensational tests of skill ever announced on the Pacific Coast—with \$3000 offered each Thursday for the most skillful handicappers among the fans.

The competition, free to all persons at the track excepting minors, employees of the track, owners and trainers of greyhounds or their families, is a test of ability to pick the winners in the greyhound races.

Seven races will be in the competition each night—the fifth to the eleventh, inclusive.

Next Wednesday night, after six nights of racing, the entries made by the handicappers will be tabulated. To the handicapper with the highest number of winners the kennel club will award \$1800; second place handicapper will receive \$750 and third \$450—\$3000 every Thursday.

In addition the track will offer \$500 nightly for all handicappers who can select seven consecutive winners—a perfect record.

LOST WOMEN FOUND

The distinctive license plate, "G-777," on the abandoned car, it is believed, led to the rescue of three women tourists from Kentucky, who were lost four days and nights on the lava beds of western New Mexico, near Albuquerque.

The wanderers were located Monday of this week.

ALIMONY IS LOST JUDGE FINDS IT

A dark mystery was cleared up in Judge Cotton's court, in Redwood City, early this week by the discovery that the judge had the alimony.

Mrs. Nellie Shoots had hailed her ex-husband, Robert, into court for failing to send her a \$20 alimony check.

Shoots declared, when he appeared in court, that he had mailed it. Mrs. Shoots insisted she had not received it.

With Shoots insisting on his point and the ex-wife insisting on hers, the situation became somewhat confusing. Judge Cotton finally got an idea, so he inquired of the husband:

"Just when did you send this \$20 monthly alimony check to Mrs. Shoots?"

"To Mrs. Shoots?" exclaimed Shoots. "Why I didn't send it to her, I sent it to you, Judge!"

No you didn't," said the judge. "Oh yes I did," insisted Shoots.

Judge Cotton called time out while he searched through some of his mail, unopened for four days while he was away from his office. The monthly alimony check, for lack of which Mrs. Shoots had haled her husband before the court, was there.

"I told you so," said Shoots. "So you did," said the judge, "but after this just send it to Mrs. Shoots. It's easier."

CUBANS HONOR COL. A. S. ROWAN

Colonel Andrew Summers Rowan, the soldier who carried the "Message to Garcia" forty years ago while a lieutenant in the United States army, was recently honored by the Cuban government when Consul Jose Zayas of Cuba pinned a medal of honor on Colonel Rowan's breast. The Colonel, now 81, has for several weeks been gravely ill in a military hospital in the San Francisco Presidio.

City Council Names Park Improvement Sponsor's Agents

At the meeting of the Daly City Council, Monday of this week, the assistant city engineer reported the project proposal for a federal grant to aid in the improvement of Vista Grande Park, had been prepared and the application was ready for submission to PWA headquarters.

Procedure of the department requires signature of two officials of the sponsor of the project for which the allotment is made to appear on the application therefor.

By unanimous vote the city council named B. C. Ross, city clerk, and Robert Klassen, assistant city engineer, as Daly City's agents to sign the project proposal and the sponsors agreement covering the same.

It now appears that the activities for improving Daly City's seven-acre park and playground will be under way within a short time.

ALASKA TO HAVE PLANE SERVICE IN DIRECT FLIGHT

It was announced, early this week, at New York headquarters of Pan American Airways that a series of experimental flights would begin, August 6, as a preliminary to establishment of regularly scheduled transport service between Seattle, Wash., and Juneau, Alaska.

The only connection at present between the United States and its largest territory is by coastal steamer, requiring three days for the passage between Seattle and Juneau. Pan American expects to establish seven-hour schedules between the two cities.

At Juneau the new service will connect with the Pacific Alaska Airways, a Pan American subsidiary, which set up mail, passenger and express service to interior Alaskan points in 1932.

AID MIGHT BE LOST BY DELAY

Kenneth A. Godwin, PWA regional director with headquarters in San Francisco, has called attention of the states and cities in his district that September 30 was the deadline for applications, and that it could not be extended. Godwin's territory embraces California, Arizona, Utah and Nevada.

He also called attention to the requirements that actual work on all PWA projects must be started by January 1, 1939. He stated nearly a thousand applicants for allotments in his area were already late in indicating their final decision. The director said they take the risk of delaying too long to gain benefits of the current PWA program.

To promote the civic, commercial and industrial interests, resources and welfare of Daly City in particular and the Peninsula in general, to be non-partisan and non-sectarian and take no part in nor lend its influence to the election or appointment of any candidate for public office. These are the principles upon which a Daly City Chamber of Commerce will be inaugurated, Wednesday evening of next week.

The organization meeting will be held in the social hall over the Daly City Theater lobby at 8:30 p. m. More than 75 applications for charter membership in the new chamber of commerce are already on file and new ones are continuously being made. SEEKING TALENT FOR THIS YEAR FLORAL FIESTA

Rodeo Will Be Highlight—Local Entertainers Urged To Participate In Tryouts

Persons with talent for acting, singing, dancing, fencing, horsemanship, instrument playing and similar entertaining may try out for parts in the annual pageant of the San Mateo County Floral Fiesta this year, it was announced today.

Persons interested in taking part may attend the first rehearsal of the group at the old Central School, San Mateo, at 8:30 p. m. next Wednesday, August 3.

The annual call for talent for the Fiesta was announced today by Bruce Gibson, president, and Chester Lipman, secretary, following a conference with Lou Ashe, noted producer, who will direct the pageant again this year.

Ashe announced that this year's pageant will be based on further writings of Stewart Edward White of Hillsborough and the story would be a continuation of the historical adventures of Andy Burnett, intrepid adventurer whose activities were unfolded last year in the pageant, entitled "The Song of Don Largo." This year's play will be titled "The Rise of Don Largo."

Fiesta headquarters have been moved to 116 B street again this year and communications may be sent there. Persons wishing for try outs for the pageant may send their names and qualifications to headquarters and then appear for the Wednesday rehearsals. Rehearsals will also be held next Thursday, August 4, and Friday, August 5, in the school auditorium.

Highlight of the 1938 Fiesta will not be the spectacular pageant, but rather the rodeo, which will be conducted similarly to the successful show at Salinas. Rodeo events will be held afternoons of Friday, Saturday and Sunday. The Fiesta runs from Wednesday, September 21, through Sunday, September 25.

New Citizens For San Mateo County

Out of a class of thirty-seven students in a naturalization class, eighteen were admitted to citizenship in Superior Judge Aylett R. Cotton's court, Monday of this week. The test was conducted by United States Examiner Z. B. Jackson.

Palmira Curotto, Daly City, and Silvio Papini, Colma, both natives of Italy, were among the new citizens.

ORDER AGAINST ORGANIZATIONS OF LUMBER MEN

Reverberations Of Federal Trade Commission Suits Hit San Mateo County People

According to information from Washington, D. C., early this week, it was revealed that the Federal Trade Commission has issued a "cease-and-desist" order against the Peninsula Lumbermen's Club of Redwood City, charged with unlawful trade practices and policies "found to have constituted a combination and conspiracy to engage in and to further unfair methods of competition" in the sale and distribution of lumber and building materials.

The order was directed against five other retail lumber dealers' organizations in California, the California Lumbermen's Council, Fresno, and its affiliated units; Coast Counties Lumbermen's Club, Watsonville; Central Valley Lumbermen's Club, Stockton; Northern Counties Lumbermen's Club, Sacramento; and San Joaquin Lumbermen's Club, Fresno.

This is probably the aftermath of suits filed in Washington some two years ago by the Federal Trade Commission in which the lumbermen's organizations were charged with unfair practices in restraint of competition and increasing prices to the purchasing public.

In the original suits, seven prominent San Mateo County lumber dealers were named as directors of the Peninsula Lumbermen's Club.

James B. McKeown, secretary of the Peninsula organization, denied truth of the charges, explaining that the Peninsula Lumbermen's Club, with headquarters at 2194 Broadway, Redwood City, was an organization to aid the lumber business and correct housing problems.

SLOT MACHINE BUSINESS IS NOW GETTING TOUGH

Sheriff Acquires Sixteen More Illegal Coin Devices In Raids This Week

The number of slot machines confiscated by the San Mateo County sheriff's office was increased by sixteen this week.

In a threehour series of raids, last Sunday night, Deputy Sheriffs Hugh Williams and Louis Lodi visited six resorts on the Coastside and in other parts of the county and made seizures.

At Mori's Point they found four machines, two of the 5-cent variety, one 10-cent device and another 25-cent machine.

At Reese's Tavern, Pedro Point, they took 5- and 10-cent machines. Dan Bertolotti's Inn at Moss Beach yielded three 5-cent machines.

Large's Cafe at Princeton produced 5-, 10- and 25-cent machines.

Skyline Barbecue stand at Skyline boulevard and the Half Moon Bay road intersection, and Herndon's Cafe at Belmont each yielded two machines of the 5- and 10-cent varieties.

According to Sheriff James J. McGrath, the machines will be stored until the courts order them destroyed, when the grand jury will be invited to witness the proceedings and transfer the cash to the county treasurer.

FLOOD WATERS SWEEP BRIDGE AWAY AT BRADY, TEX.

Swirling flood waters recently swept away a bridge from Brady, Tex., leaving the entire town inundated. Business was halted and residential districts were out of communication with the central parts of town. In the foreground is the buttress which held the bridge before it collapsed and was carried away by the high water. The courthouse, in background, was completely isolated. Residences were un-dermined and general havoc was wrought. The Colorado River, fed by flood tributary streams, threatened Austin, Tex., state capital.

George Creel, Democratic chieftain in California, friend of President Roosevelt and dynamic writer and political leader, has announced his backing of P. J. McMurray, Democrat, who is running for the Board of Equalization on all tickets at the August 30 primary. His name will be on the ballot in San Francisco and six other counties, San Mateo, Santa Clara, San Benito, Santa Cruz, Monterey and San Luis Obispo.

McMurray filed on all tickets so that the voters would have a free choice to select a candidate for this important office. He has been endorsed by all Democratic county committees in the seven counties in which he is running.

No More Class To Name "Fortune"

Making appearance, through his father, Hillsborough capitalist, 12-year-old Thomas Fortune Ryan IV, this week, petitioned the superior court for permission to change his name to Thomas Michael Ryan.

Reason given for the proposed change of name was that "there are three persons now living with the name of 'Thomas Fortune Ryan' and the petitioner desires to obviate the resulting confusion of identity."

RECREATION NINE SCHOOL TEAM IS DEFEATS NAVY SECOND IN GAME BASEBALLERS AT SAN MATEO

Last Saturday afternoon, at 2 o'clock, the Daly City Recreation team took the team from the U. S. S. Pennsylvania to town. The baseball game was played on the Jefferson High diamond to the tune of 7 to 2, as shown by the box score.

The features of the game were Walsh's home run with a man on base and the airtight pitching of Petrocchi and Lucia. A triple play on Donaldson's long hit into left field was completed by Lucia to Rettig to Petrocchi to Sloane for a put-out at home plate.

We are advised by manager Pat Sloane that the largest crowd of the season was in attendance.

This Saturday it is proposed to match the Daly City Recreation team against a team from one of the other battleships, at 2 o'clock, on the Jefferson High School grounds.

On Saturday, July 23, a boys team from Woodrow Wilson School, under the sponsorship of Daly City Recreation Department and leadership of Joe Lucia, journeyed to San Mateo with the full intention of showing the boys in the floral city how the national game should be played. But, unfortunately, they outguessed themselves and were defeated, 11-0.

It appears Brooks, who did the tossing for the Daly City team, was wild and could not hit his stride in the first inning, as he passed five, which with three errors from his infield and one hit resulted in seven runs in that frame. In the seventh the San Mateo boys piled up another four runs.

In an effort to save the team from a shut out Joe Lucia, in the last inning, went in as a pinch hitter, but, owing to the fact that he could not decipher the tosses of the San Mateo pitcher, pulled a "Casey at the Bat" stunt.

THE GREATEST OF ALL BARRIERS TO DICTATORSHIP IS A Free Press

THERE can be no successful dictatorship in this country, or in any other country, as long as newspapers remain free and untrammelled.

By the very nature of their public service, they must scrutinize and report every act and every policy of the government, they must focus the attention of the people on the motives and conduct of every official and every candidate for public office. Freedom of the press is the greatest of all barriers to dictatorship and every aspiring dictator knows it. The countries where newspapers have lost their freedom are the countries where free government of a free people has perished. Americans can take to heart the lesson. Your newspaper, which you may take for granted as a familiar part of daily life, is your guarantee that American liberty shall survive. Support your newspaper—protect it—insist that it retain its independence—for its welfare is your welfare—its freedom is your freedom.

This is the ninth of a series of teaching institutional advertisements sponsored by the California Newspaper Publishers Association and derived from an address delivered at Riverside on January 22nd by Dr. William B. Munro, of California Institute of Technology.

SPEAKING OF PEACE

(Editor's Note—We were all set to burst forth, in this week's issue, with a brilliant dissertation on peace in the world. After sitting down one evening and "getting a good start" on the subject, we came across the following editorial, printed in a recent issue of the Vancouver Sun, and came to the conclusion that it is so much better than our own puny effort could have been that we pass it on to our readers.)

There was a so-called "peace meeting" in London a short while back which concluded with a fuss in which one of the peace-lovers offered to punch the nose of another peace-lover because the latter would not agree with the former as to proper methods for securing peace.

Another pacific gentleman, painting in glowing colors the glories of peace, made this statement, that he "looked forward to the time when every man would be able to do as he liked—and if he didn't, he'd be made to."

The point is that "peace" is probably the most abused term we have.

We have any number of people who vociferously demand peace with Italy, peace with Germany, peace with Russia and peace with Japan and yet many of them do not even know what it is to have peace in their own homes.

There is no use, for instance, getting all excited about what the Japanese are doing in China or what the Italians are doing in Spain or about what Hitler is meditating against the non-Nordic world and getting yourself all lathered up with prejudices and hatred so long as you nourish in your own heart dislikes and ill-will towards your neighbors and associates.

Nothing could be more ridiculous than a man preaching peace among the nations when he cannot restrain his spite against the fellow who lives next door.

Peace is a problem that should be examined fairly and honestly.

Peace does not arise from treaties; it is not made by mass demonstrations; it cannot be manufactured by slogans.

It is purely and simply a product of the human heart. Without that inward desire to live on good terms with one's neighbors and to accept blame for one's own behavior and to right wrongs that are of one's own making, one cannot expect to find peace anywhere in this troubled world.

How can we expect the nations to have peace while war rages among individuals?

How can we expect wars to cease among national groups so long as individual men and women continue backbiting, gossiping and blackguarding one another?

We must look to our own conduct, to the way we run our homes and to the fairness with which we deal with other people.

When we are living at peace in our own little individual worlds, then only will come hope for the earth.

Much Merriment At Pals Club Meet

At the last meeting of Court St. Mary No. 1155, Catholic Daughters of America, presided over by Grand Regent Evelyn Weckerle, the members had an enthusiastic welcome for Past Grand Regent Helen Rode, this being the first meeting Mrs. Rode has been able to attend since her accident, last February.

After the meeting a birthday party was held in the social hall, as the Court celebrated its eighth birthday. All members had been requested to dress as eight-year-olds. Games and prizes were in keeping with the occasion.

After games had been played and prizes awarded for costumes and skill, Mrs. Michelsen, hostess for the evening, invited all to the tables, which were prettily decorated. At each place a lolly pop doll awaited

the guest. Delicious refreshments were served by the hostess and her committee and a beautiful birthday cake was cut and served, making the evening complete, and so another milestone has been passed by Court St. Mary.

As a year has passed since the organizing of the Pals Club, introductions were in order and great merriment attended these.

Mrs. Ida Forest is to be chairman for the Catholic Daughters whist to be held Thursday evening of next week.

James Hockings of Yonkers, N. Y., walked 70 miles on his 70th birthday in 14 hours and 50 minutes. "Walk and be healthy" is his motto.

FOREST FIRE CAUTION APPEAL TO MOTORISTS

Protection of scenic and recreational assets in the forested areas of the state by carefulness in handling campfires and disposing of burning matches and tobacco was urged upon the motoring public in a statement today by the California State Automobile Association.

Pointing to the heavy toll caused by the recent widespread outbreak of lightning-caused forest fires, it was emphasized that danger of further fires will continue through the remainder of summer and early fall. Long after the season when lightning is a cause of fires the forests will continue to be exposed to the threat of man-caused fires.

"Warm weather and drying winds leave a tinder-like condition in many forest sections, needing only one careless act with fire to start disastrous conflagrations," the statement continued.

"Thousands each year enjoy the recreation these forests offer. The United States Forest Service is doing much to provide improved facilities for motorists and campers, and to make the forests more easily accessible. Those who benefit should be alert to do their part in protecting these regions against fire."

"State law provides that outside of a business or residence district no person shall wilfully or negligently throw from any vehicle upon a highway any lighted cigarette, cigar, ashes or any other flaming or glowing substance."

"In national forests during the summer season no smoking is permitted except in camps, at places of habitation, or in special areas along roads and trails set aside for the purpose and posted to that effect."

NINE PERSONS CONCERNED IN RARE MYSTERY

Identity Of Guilty One Remains Hidden Till Just Before Final Curtain

One of the weirdest—and most interesting—mysteries ever to be presented on an American stage was seen by a packed house at the Alcazar, Monday night of this week, when the Federal Theater opened with "Night Must Fall."

A murder has been committed. Only nine persons are in the cast. Who's guilty? So cleverly has Emlyn Williams, English playwright and actor, psychologized this one, arranged and re-arranged the elements of a good puzzler that it is not until the last curtain is half way down that the identity of the murderer is positively known.

Even Inspector Belsize (Daniel Pennell), of Scotland Yard, is not above suspicion; nor is Mrs. Bramson (Ruth Saville), crotchety, wealthy, invalid, unable to leave her wheel chair; nor Olivia Grayne (Grace Cooper), niece and employee of Mrs. Bramson; Hubert Laurie (Max West), a "toodle-oo, pip pip" type of Londoner, in love with Olivia; Nurse Libby (Alice Bartlett), cunningly stupid or stupidly cunning, but efficient; Mrs. Torrence (Edna Ellsmere), an Irish cook entirely devoid of sympathy for her invalid employer and with sharp vitriolic tongue; Dora Parkoe (Geraldine Allan), kitchen slavey with a weakness for bank holidays and "pickups"; Daniel Pennell as the Scotland Yard sleuth, and, Dan (Leon Forbes), a dizzy type of bell-hop or page boy, as they are known in England—who has a tremendous power over women, and deep down no feeling at all, a new type of role for this popular actor.

Take all of the above, give it the setting of a large English country residence in a heavily forested district in one of the tight little isle's back counties and—well almost anything could happen and it all does.

Two weeks in San Francisco at the Alcazar and then two weeks at the Oakland Twelfth Street Theater.

Mrs. Buck Allowed Substantial Amount

The will of the late former Superior Judge George H. Buck, who died at his home in Redwood City on July 5, was admitted to probate by Superior Judge Maxwell McNutt early this week.

The widow, Mrs. Elizabeth Buck, who was bequeathed the major part of the estate, was granted \$1000 a month allowance by the court, pending settlement of the estate.

Grand Canyon Expedition Continues Colorado Trip

Members of the Nevill's Colorado River Expedition party are shown as they recently landed at Tanner Trail in the Grand Canyon after completing an eight mile trip from Lee's Ferry. They lighted one signal fire to advise forest rangers of their safe arrival. The expedition is using three 15-foot boats. The two women members are the first ever to make the hazardous trip. Photo shows, left to right, Artist W. C. Gibson, Dale Reed, boatman; Lorin Bell, Lois Jotter, E. Clover and Norman Nevills. The group started from Green River, Utah, with Boulder Dam as their goal.

RESIGNS POST TO RUN FOR OFFICE

A. E. Snider, publisher of The San Fernando Sun, has resigned as secretary-treasurer of the California Newspaper Publishers Association, to become a candidate for the office of state controller at the August primaries.

Snider was serving his third term as financial officer of the newspaper organization, whose constitutions and by-laws specify:

"No member holding any elective or appointive office under the state of California, shall be eligible for the office of president or a member of the executive committee."

The secretary-treasurer is a member of the executive committee.

ON HONOLULU TRIP

Mrs. Aldyth Fox of Acton street sailed, Thursday of last week, on the Lurline bound for Honolulu, where she will spend her vacation. She expects to return home August 12.

A large delegation from Girl Scout Troops Nos. 2 and 4 were at the boat to wish her bon voyage. They presented Mrs. Fox with a beautiful bouquet of flowers.

Mr. Or Mrs. Tipsey Watch Your Step

Drunken and reckless drivers in Pennsylvania are now faced with a quicker and more severe punishment. The procedure to be followed by state authorities was recently outlined.

In the case of drunken drivers, all motorists under suspicion are to be taken by the motor police to the nearest physician for examination. If the driver is found to be under the influence of liquor, he is given a hearing before a departmental inspector. When evidence warrants, the driver is penalized by immediate suspension of his license for six months.

Upon conviction on the drunken driving charge, the operator is further penalized by revocation of his license for one year, beginning with the date of the original suspension.

THREE F. D. ROOSEVELTS

Franklin Delano Roosevelt, Jr., proud daddy of the president's eighth and last grandchild, announced, Monday of this week, that his distinguished offspring will be named Franklin Delano Third.

Edward R. Davidson, 53, of Syracuse, N. Y., has earned his livelihood the past 35 years by posing as a mechanical man.

WE ALL KNOW THIS IS TRUTH

"Seventy-five years and a tortured, boiling ferment of political, social and economic change separated Franklin Roosevelt at Gettysburg from Abraham Lincoln at Gettysburg. But there is no disunity of spirit, nor any bridgeless chasm of ultimate purpose, as these two really great Americans stood, one following the other, upon ground hallowed by the blood of freemen. The Union was safe with Abraham Lincoln, though many characterized him as a charlatan and called him a tyrant. And the Union is safe with Franklin Roosevelt, no matter what they call him."

—Louisville Courier-Journal. (Ind.)

Shortly after boasting that he had climbed many high structures without an accident, Alex Hassen, a stepplejack of Hayattsville, Md., fell eight feet from a shed he was painting, breaking an arm and a leg.

WANTED A WIFE AMERICAN LEGION IS IN QUANDARY AUXILIARY MEETS

Judson Van Arsdale, 64-year-old resident of Matawan, N. J., advertised for a wife and received two responses in person, from Mrs. May Meyer of Washington, D. C. and Mrs. Nellie Davis of Paris, Ill.

Last Sunday night the would-be husband solved his marriage dilemma of two weeks standing, in a manner evidently satisfactory to all concerned. Mrs. Meyer was a corn fritter artist and Van Arsdale always came to meals on first call, wherever and whenever corn fritters were involved; so Madame Meyer was the lucky winner of his heart and home.

What about the other candidate? Mrs. Davis, who had traveled all the way from Illinois, thought there was nothing for her to do but pack up and return to her home. Judson just couldn't stand for that. So Mrs. Davis, plump and pert, is still around the house, serving in the capacity of housemaid for the winner.

Van Arsdale, seemingly annoyed by his neighbors' curiosity, flatfootedly refused to discuss matters with anyone, disclosing the fact that henceforth his private affairs were his own business and not that of prying busybodies and gossips.

Juror Missing On Way To Lunch

The twelfth member of a superior court jury nearly lost his luncheon, Monday of this week, in Fall River, Mass. Deputy sheriffs, while escorting the august body of justice to the place where their midday repast was to be served, noticed they had in their custody only eleven jurors.

A quick trip to the courthouse disclosed the missing member locked in the jury room. He joined his colleagues later at luncheon.

Because He Took Bath Loses Watch

While Captain F. W. Winter and a friend were bathing near Thornton Beach, early in the afternoon, Wednesday of this week, the happiness of the occasion was marred by a pick-pocket.

The two men, who had left their clothes and other valuables on the shore near their camp, noticed a man prowling in the vicinity of their temporary habitation. They report that before they could reach shore the unwelcome visitor had gone and with him the captain's watch and chain. The time piece alone is valued at \$85 and the chain and fob over \$30.

The watch is initialed F. W. W. and is embellished with the degrees of Masonry, to which the captain belongs.

These explicit markings give the piece of jewelry a personal value to the owner and to no one else. A reward is offered for its return.

Moral: Think twice before you take a bath.

AERIAL NUPTIALS RULED ILLEGAL

Marriage three miles up in the air is illegal. This was the greeting Edward von Glatte and Jane Webster received when J. Albert Hutchinson of the offices of Attorney General U. S. Webb gave his unofficial opinion. Von Glatte and Miss Webster left a Los Angeles flying field aboard a United Air Lines mainliner to be wed by Captain Richard Bowman, deciding to test their contention that if a captain of a ship can perform the marriage ceremony out at sea, an airplane captain should be able to do the same thing. Hutchinson's objections were that, first, the wrong kind of "sky pilot" officiated. An airplane chauffeur, Hutchinson opined, hasn't the historic background or statutory authority of a ship's captain. Second, any attempt to leave the jurisdiction of a state merely to evade its law would void the marriage, it was held.

ROMANCE IN THE TROPICS

It's Ray Milland's duty to teach untamed Dorothy Lamour the gentle language of love in their new technicolor picture, "Her Jungle Love," which comes to the Daly City Theater next Sunday. And judging by this scene, he seems to find his business a pleasure!

CREWS CORRECT DESIGNATIONS ON EL CAMINO REAL

Confusing Signs Finally Straightened Out To Aid Traveling Public

Road sign crews of the California State Automobile Association, on Tuesday of this week, started installation of plates reading "Bypass" over the U. S. 101 signs on the Bayshore Highway from San Francisco to San Jose and the removal of the "Alternate" signs on El Camino Real leaving only the U. S. 101 shield markers on the latter route between the two cities.

The motorists organization, as official road-signing agency for northern and central California, was ordered to make the change, in instructions received from the State Division of Highways.

Installation of approximately 150 "Bypass" plates on the Bayshore and removal of the alternate signs from El Camino is expected to be completed within a week.

LICENSE SUSPENDED

The sheriff's office of Redwood City was advised, Saturday of last week, that the State Board of Equalization had suspended, for ten days, the liquor license of the Out of Town Club on Bayshore highway.

NEW SOUTH SEA ISLAND FORMS FILM SETTING

An alluring and mysterious island in the South Seas, filmed for the first time in breath taking Technicolor, forms the background for the new Ray Milland-Dorothy Lamour romance, "Her Jungle Love," which Paramount will present next Sunday at the Daly City Theater.

In the same spirit as the spectacular "Jungle Princess" of a season ago, "Her Jungle Love" tells a romantic story of a handsome young aviator who is cast away on a deserted South Seas island only to discover that its only other inhabitant is a lovely girl who has never before laid eyes on a white man.

Miss Lamour, fresh from her success in "Hurricane," will be seen as the native girl whose love for the young aviator runs afoul of a half-crazed native potentate, played by J. Carrol Naish, veteran of mysterious Oriental roles. She and Milland have to fight for their love, and later for their very lives, against furious native tribes who know white men only as "devils," come to take their island away from them. They escape only through the intercession of one of those miracles which make the South Pacific deserve its reputation for mystery and intrigue.

The romantic story of "Her Jungle Love" is paced by the comedy of Lynne Overman, who wise-cracked his way through "Night Club Scandal" and "Big Broadcast of 1938" and now appears as an aviator marooned on the island with Milland. Another member of the "Big Broadcast" cast to reappear in this picture is Dorothy

Howe, a comparative newcomer to Hollywood, who now plays a sophisticated English girl who fights with the jungle princess for the love of the castaway aviator.
